

**DSL Thailand - Multi Discipline Contracting**

Date : 10th Nov 2022

**DISPOSAL OF SURPLUS PLANT, EQUIPMENT & MACHINERY**

Our company is in the process of reorganising our operational supply and as a part of that process we are disposing of various assets we regard as either under performing or surplus to our needs under the new business model.

In the following pages we have provided the basic details of some of the major items we are choosing to dispose off along with a list price for each.

If you have any interest in purchasing any of the items then please contact one of the names listed below to request more specific details, arrange a visit to our facility to view the item/s you are interested in or submit an offer.

You can also make an offer directly by email to any of the listed names below.

**Thai language contacts :**

Martin Hoffie	HP	081 982 5028	Email	<a href="mailto:mfh@dslthailand.com">mfh@dslthailand.com</a>
---------------	----	--------------	-------	--

All of the equipment listed was purchased new and has only been used by our own personnel, the items are well maintained and in excellent working order.

The sale terms will not allow for installment payments and there will be no provision of after sales service or any guarantees, the buyer must satisfy themselves that the item/s they choose to purchase are fit for purpose before proceeding with the purchase.

We can consider reasonable discounts for bulk purchasing.

**Tumble Blaster 600Kg**

Capable of processing small plate sections, pipe supports, etc.  
Sections processed by 1 centrifugal wheel located above the chamber  
Capacity for 600 Kg load  
No minimum piece size, maximum as able to safely load  
Maximum weight capacity per piece of 30 kg  
Working load of 3 MT of steel grit abrasive  
Fully contained automated abrasive recycling and cleaning system  
Fully automated electric control panel  
Purchased new - 2016  
**List Price: THB 300,000**

**8 Wheel Auto Blast**

Capable of processing beams, tubular sections, plate.  
Sections processed by 8 centrifugal wheels distributed around central chamber  
Chamber opening size W=700mm x H=1050mm  
Conveyor load capacity - 1 MT per linear metre  
Conveyor roller speed 0 - 5 LM per minute  
Initial abrasive loading volume 4 MT  
Fully contained automated abrasive recycling and cleaning system  
Fully automated electric control panel  
Purchase new - 2016  
**List Price: THB 1,100,000**

**6 Wheel Auto Blast**

Capable of processing beams, tubular sections, plates.  
Sections processed by 6 centrifugal wheels distributed around central chamber  
Chamber opening W=1500mm x H=1500mm  
Conveyer loading capacity 1 MT per linear metre  
Conveyer roller speed 0 - 5 LM per minute  
Initial abrasive load volume 4 MT  
Fully contained automated abrasive recycling and cleaning system.  
Fully automated electric control panel  
Purchased new - 2011  
**List Price: THB 1,250,000**

**External Pipe Blast - Diameter 4" to 60"**

Capable of processing pipe in diameter range of 4 to 60 inch  
Sections processed by 2 centrifugal wheels below central chamber  
Chamber inlet / outlet diameter of 1.5 metres  
Conveyor load capacity 1.5 MT per linear metre  
Conveyor roller speed 0 - 4 LM per minute  
Initial abrasive load volume 4 MT  
Fully contained automated abrasive recycling and cleaning system  
Fully automated electric control panel  
Purchased new - 2016  
**List Price: THB 1,250,000**

**External Pipe Blast - Diameter 2" to 16"**

Capable of processing pipe diameter range of 2 - 16 inch  
Sections processed by 2 centrifugal wheels above central chamber  
Chamber inlet / outlet diameter 450mm  
Conveyor roller load capacity 1 MT per linear metre  
Conveyor roller speed 0 - 5 LM per minute  
Initial abrasive load volume 3 MT  
Fully contained automated abrasive recycling and cleaning system.  
Fully automated electric control panel  
Purchased new - 2014  
**List Price: THB 600,000**

**DENAIR Electric Compressor (\*2 Compressors available)**

Model DA-185

Purchased new : July 2016

Air volume capacity 996 CFM

Operating pressure 10 bar

\*Comp #1 Operating hours = 1460 (Load on hours = 896)

\*Comp #2 Operating hours = 1381 (Load on hours = 840)

Power 185 kw - Voltage 380v

Pipework to blast pot included

**List Price: THB 800,000**

**AIRMAN Diesel Screw Air Compressor (\*8 Compressors available)**

Model: PDS655S (\*6) & PDS655SD-4B2 (\*2)

Air volume capacity 655 CFM

Operating pressure of 7 bar

Hino engine

Purchased new : 2010 (\*3 units) 2011 (\*2 units) 2012 (\*1 unit) 2013 (\*2 units)

Operating hours (between): 7690-11724

Mobile with original tow bar

Excellent condition

**List Price: THB 520,000 to THB 680,000**

**AIRMAN Diesel Screw Air Compressor**

Model: PDSF530S

Air volume capacity 530 CFM

Operating pressure of 10.5 bar (max. 12 bar)

Hino engine

Purchased new: 2010

Operating hours: 9221

Mobile with original tow bar

Excellent condition

**List Price: THB 480,000**

**COMPAIR Diesel Screw Air Compressor**

Model: DLT 1801 / C180TS-9

Air volume capacity 635 CFM

Operating pressure of 8.6 bar

Cummins Engine

Purchased new : 2011

Operating hours: 3932

Mobile with original tow bar

Excellent condition

**List Price: THB 520,000**

**AIRMAN ZONE II Diesel Screw Air Compressor**

Model: PDSF530S

Zone II & Rig Safe Certification by Bureau Veritas: STH 20-023/010

Chalwyn valve (air intake shutdown)

Exhaust spark arrestor & flame trap

Flameproof exhaust system

Battery isolator circuit breaker master switch

Cage dimensions: L4220 x W2400 x H2650 - Tare Weight: 5.5MT - MGW: 6MT

Purchased new: 2010

Operating pressure of 10.5 bar (max. 12 bar)

Operating hours: 9455

**List Price: THB 1,200,000**

**AIRMAN Rig Safe Diesel Screw Air Compressor**

Model: PDS655S

655 CFM

Chalwyn valve (air intake shutdown)

Exhaust spark arrestor & flame trap

Flameproof exhaust system

Battery isolator circuit breaker master switch

Cage dimensions: L4200 x W2400 x H2600 - Tare Weight: 4.8MT - MGW: 5.3MT

Purchased new: 2011

Operating pressure of 8 bar

Operating hours: 9,132

**List Price: THB 1,200,000**

**AIRMAN Rig Safe Diesel Screw Air Compressor**

Model: PDS655S

655 CFM

Chalwyn valve (air intake shutdown)

Exhaust spark arrestor & flame trap

Flameproof exhaust system

Battery isolator circuit breaker master switch

Cage dimensions: L4200 x W2400 x H2620 - Tare Weight: 4.9MT - MGW: 5.4MT

Purchased new: 2010

Operating pressure of 8 bar

Operating hours: 12,212

**List Price: THB 1,200,000**

**Manual Blast Chamber with Equipment**

Manual Blast Chamber size 30m long x 8m high x 10m wide

Welded 10mm steel sheet floor protection

Rubber covered walls and ceiling

Internal LED lights

2 set: Blast Pot, Dust Collector, Air Receiver, Air Dryer, Separator, Bucket Elevator

2No Blast pot of 3m<sup>3</sup> abrasive capacity each with 4 x Blast Nozzles.

2No Air receiver tank capacity 6m<sup>3</sup>

2No Abrasive storage hopper capacity 4m<sup>3</sup>

2No Pulse blowing type dust collector with 24 cartridge type filters in each

2No Bucket elevator 15T/hr capability

Fully contained automated abrasive recycling and cleaning system.

Fully automated electric control panel

Purchased new - 2016

**List Price: THB 2,000,000**

**Graco XM PFP Plural-Component Pump (4 units available)**

Model: 262878 - Series: L19F (2 units) J12A (1 unit) J14D (1 unit)

Including 60m hose bundle and mixing manifold

Exclusive Features:-

Weight-based operation for fast, easy ratio assurance (within +/- 5%)

Save time with fast ratio checks – less than 90 seconds

Consistent temp. control, fast start-up times due to performance of heating system

Easy user controls and data reporting

Ensures accurate, on-ratio mixing to reduce material waste, handles two-part materials from 1:1 to 10:1

Purchased new 2012 (2 units) 2019 (2 units)

**List Price: P.O.A.**

**Covercat 450 PFP Plural Pump (3 units available)**

Model: 452F, 450F

Portable system

Removable feed pumps

Remote mix manifold

60m hose bundle

Heavy duty cart with forklift slots

Dry weight 1500kg

Operators manual and guidance notes

Year of Manufacture: 2008 (2 units) 2010 (1 unit)

**List Price: P.O.A**
